

# YANKEE BARN HOMES

1969

February 14, 2019

Hello,

We are thrilled to be celebrating Yankee Barn Homes' 50-year anniversary. With such a milestone comes a great deal of reflection.

Yankee Barn Homes was officially brought into existence on February 14, 1969, a culmination of founder Emil Hanslin's ideas, previous projects, and determination to offer the world his take on homes that encapsulate the notion of indoor-outdoor living. Inspired by New England barns and architecture, the original Yankee Barn Home exploded onto the scene and changed the way people thought of prefabrication.

We acquired the company in 2011 and have worked tirelessly to keep Emil's ideals alive in every home that we design and build. The original Yankee Barn Home was marketed as a home "crafted to give you the strength of the past and the carefree living of today".

Our staff work every day to help bring each and every client's vision to life. We continue to utilize the most current technology to design each home and share it with our clients throughout the country, and are always looking for new and improved means of sharing renderings and designs with our clients near and far.

Currently, construction is underway for our newest model home, The Springfield Barn Home. The home brings to the table the intrinsic language of today's Yankee Barn Home – unique volumes of space, post and beam architecture that allows for fewer interior partition walls and plenty of glass, truly bringing the outdoors inside.

In the summer, we will be inviting past and present Yankee Barn Home clients to celebrate with us in Grantham, NH in the community of Eastman, where over 100 Yankee Barn Homes exist. We will be hosting a tour of a handful of Yankee Barn Homes in the community, culminating in a gathering at our newest model home for some light hors d'oeuvres and drinks. More information will be available in the coming months.

Please join us in celebrating this milestone. Here's to another 50 years of beautifully crafted custom homes!

Sincerely,

Paul Marinelli, *Chairman and CEO* & Jeffrey Rosen, *Creative Director*
